By signing below, I understand that my ability to undertake an Independent Thesis will depend on the results of the Limited Enrollment Lottery in August for Thesis Prep (ADV 9341) and that this Declaration of Interest is non-binding, unless I commit by the April 23rd, 2021 deadline in which case it becomes binding. I recognize that for me to remain eligible for Independent Thesis (ADV 9342) in my final spring term, I must first enroll in and complete my required Landscape Architecture Option Studio (1400-level) and the Thesis Prep seminar (ADV 9341) in fall. **I understand that Thesis becomes a binding 1-year commitment at the end of course registration in fall 2021.** The total final number of students admitted into Thesis Prep will be evaluated on yearly basis, is dependent on the total number of students in their last year of the MLA Program, and **shall not exceed 18 students.**
